PROFESSIONAL SUMMARY

B.Tech Computer Science and Engineering graduate (2026) with a strong foundation in MERN Stack and Java Full Stack Development. Skilled in developing responsive web applications and working with frontend, backend, REST APIs, databases, and object-oriented programming. Hands-on experience with React.js, JavaScript, Node.js, Express.js, Java, SQL, MySQL, MongoDB, JDBC, and Git/GitHub through academic, personal, and practical projects. Strong problem-solving and learning abilities, with a keen interest in building scalable and user-focused software solutions. Seeking an entry-level opportunity to apply technical skills, contribute to development teams, and grow as a software professional.

EXPERIENCE

Java Full Stack Development Trainee — Q Spiders / J Spiders

Jan 2025 – Present

- Selected through a competitive screening process for an industry-focused Full Stack Development training program covering the MERN stack.
- Building hands-on, project-based skills across JavaScript, React.js, Node.js, Express.js, and MongoDB through structured training.

IT Intern — Amelia Coal Mining, Madhya Pradesh

Aug 2024 – Oct 2024

- Gained hands-on exposure to IT infrastructure, system support, and enterprise workflows.
- Assisted with professional technical documentation and day-to-day IT support tasks.

PROJECTS

Travel Destination Listing System (MERN Stack)

HTML, CSS, JavaScript, Node.js, Express.js, MongoDB

- Built a full-stack, responsive travel listing web application using the MERN stack with secure user authentication and authorization.
- Implemented complete CRUD functionality for listings using MongoDB and Mongoose, integrated with a React.js front-end.
- Designed RESTful API endpoints in Node.js and Express.js to handle client-server communication.

Zerodha Clone – Full-Stack Trading Platform

React.js, Node.js, Express.js, MongoDB (Mongoose), JavaScript, Postman, Axios

- Developed a full-stack trading platform inspired by Zerodha, featuring responsive user interfaces, stock listings, trading workflows, portfolio management, and dashboard components using React.js.
- Built RESTful APIs using Node.js and Express.js with CRUD operations, authentication-related workflows, data validation, middleware, and MongoDB integration using Mongoose.
- Integrated front-end and back-end communication using Axios, tested and validated APIs with Postman, and implemented responsive layouts using Bootstrap for a seamless experience across devices.

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, Tailwind CSS

Back-End: Node.js, Express.js, Java, Advanced Java, Servlets, JDBC, RESTful API Development

Databases: MySQL, Oracle SQL, PL/SQL, MongoDB, MongoDB Atlas

Programming Languages: Java, JavaScript, SQL

Tools & Platforms: Git, GitHub, Postman, Render, MongoDB Atlas

Testing: Manual Testing, API Testing

EDUCATION

- Kalam Institute of Technology, Berhampur (BPUT, Rourkela, Odisha)** 2022 – 2026
Bachelor of Technology (B.Tech), Computer Science & Engineering | CGPA: 8.0
- Government Science College, Chatrapur (CHSE, Odisha)** 2020 – 2022
Higher Secondary Education | 59%
- Jayshree Chemicals School, Ganjam (ICSE)** 2019 – 2020
Secondary Education | 78%
